REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "If Cypress Care is not responsible for payment on this claim then why have they issued payment on this patient before on multiple dates of service. As for the supplies not being authorized, Please refer to the Texas Department of Insurance's pre-authorization guidelines, specifically Rule 134.6 [sic]... We resubmitted on 03/10/11 with the above mentioned information for all dates of service. We spoke to Cypress Care and they told us that we needed to forward these claims to Broadspire insurance company, I explained that they have issued payment on this patient's claim before but was told there was nothing they could do. I did forward the claims to Broadspire insurance company but since we were not within the 95 days to bill they were denied."

Amount in Dispute: \$1,112.25

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "...The bills at issue appear to have been first forward to Cypress Care and then once they were denied, forwarded late to the Carrier for payment. There appears to be a contractual arrangement between Cypress Care and Memorial Therapeutic. The relationship between Cypress Care and Memorial Therapeutic does not meet an exception to the 95-day rule, and as such, the dates of service at issue were submitted to the Carrier untimely and no reimbursement is owed."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for health care providers to pursue a medical fee dispute.
2. 28 Texas Administrative Code §133.20 sets out the procedures for health care providers to submit workers' compensation medical bills for reimbursement.
3. 28 Texas Administrative Code §102.4 sets out the rules for non-Commission communications.
4. Texas Labor Code §408.027 sets out the rules for timely submission of a claim by a health care provider.
5. Texas Labor Code §408.0272 sets out the rules for certain exceptions for untimely submission of a claim by a health care provider.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - B4 – Late filing penalty.
 - 669-022 – Based on fee schedule guidelines, bills submitted after the 95th day after the date of service are disallowed.
 - 863-022 – Based on fee schedule guidelines, bills submitted after the 95th day after the date of service are disallowed.

Issues

1. Is the timely filing deadline applicable to the medical bills for the services in dispute?
2. Did the requestor forfeit the right to reimbursement for the services in dispute?

Findings

1. 28 Texas Administrative Code §133.20(b) states, in pertinent part, that, except as provided in Texas Labor Code §408.0272, "a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied..." Review of the documentation submitted by the requestor finds that no convincing documentation was found to support that any of the exceptions described in Texas Labor Code §408.0272 apply to the services in this dispute, nor that the bills were submitted timely. For that reason, the requestor in this dispute was required to submit the medical bill not later than 95 days after the date the disputed services were provided.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
